

THE STATE OF UTAH BROADBAND PROJECT BROADBAND.UTAH.GOV

Regional Broadband Planning Councils

The **Utah Broadband Project** is a joint effort between the Utah Governor's Office of Economic Development (GOED), the Public Service Commission (PSC), and the Department of Technology Services' Automated Geographic Reference Center (AGRC) to develop a statewide map of available services and a plan to increase broadband deployment and adoption in the state.

The Project is working together with Utah's Associations of Governments to form **Regional Broadband Planning Councils** to address broadband planning issues on a local level. We are looking for participants with expertise in the following areas:

- Broadband providers
- Business leaders
- County and local government
- Education
- Economic development
- Energy
- Extension offices/ Agriculture
- Healthcare
- Libraries
- Public Safety
- Transportation
- Tribal leaders
